

South Africa State Dept. Sell-out

—o— Continued from page 1 —o—

should be Christian—based on the teaching of the Afrikaans churches and students be protected against foreign theories.

Meanwhile, back in the so-called Christian U. S. A., our State Department is spending more time and energy discouraging U. S. and foreign shippers from exporting goods to South Africa than to communist Cuba. Authorities led by Secretary of State Dean Rusk and undersecretary Averell Harriman are privately passing the word to airlines and shipping firms to abide by the economic sanctions being imposed by African countries against the South African government. IN SHARP CONTRAST, Rusk and Harriman are supporting a policy whereby the U. S. provides navigational help and vital weather information to Soviet jet transports flying strategic cargo and arms to Red Cuba non-stop from Russia. The un-announced State Department boycott against South Africa is in addition to the announced policy of the Johnson Administration barring arms shipment to the all-white regime. AUTHORITY for this boycott is spelled out in a highly classified National Security Council policy paper on South Africa drafted by the State Department's Policy Planning Council. This paper also advocates a "hands off" policy on Zanzibar, the first nation to fall into the Soviet orbit since President Johnson assumed office, and a potential second Cuba!

In October 1960, a letter was received at "Common Sense" from a well-informed South African patriot, whose remarks are just as timely in 1964:

"Our problems here in our South African Republic are much the same as in your American Republic . . . The Jews control the lives of the citizens of this Republic (South Africa) in all spheres. Our population is just over 3,000,000 whites, and out of that 3 million whites, there are 128,000 Jews. They own almost all the properties in the Republic, businesses, wholesale and retail, food, clothing manufacturers, the English Press with the exception of 2 or 3 papers. They control the English-Speaking Universities, they dominate the professions, medical, dental, lawyers, the Stock Market, municipalities, Traffic Departments, Public Libraries . . . It is almost impossible to find work in South Africa, apart from jobs with the Government, unless one works for a Jew. The riches of our wonderful country are in the hands of the 128,000. There is of course more than enough for all of us, and millions more, but we are not allowed to have it. Only skim the top of it while the masses are slaving here to fill the ever greedy coffers of the 128,000 . . . We that can think for ourselves have placed all our faith and hope in God and the Verwoerd Nationalist Government. . . We cannot expect him (Dr. Verwoerd) to take on the whole world, for it would seem the whole world is against us, but many of us know, it is not the Christian masses that are against us as we are told—these masses are voiceless—BUT INTERNATIONAL JEWRY OUT FOR WORLD DOMINATION THROUGH THEIR WORLD GOVERNMENT U. N."

SORRY

COMMON SENSE herewith offers Dr. Granville F. Knight and the Journal of Applied Nutrition our sincere apologies for unwittingly reprinting Dr. Knight's editorial appearing in our publication 15 June, 1964, without first obtaining permission from either one or the other. We are extremely sorry and assure you this oversight will not occur again.

Who Picked LBJ's Running-mate?

Arthur J. Goldberg (above), Supreme Court Justice, former AFL-CIO counsel, lunched with President Johnson before he decided on his running mate.

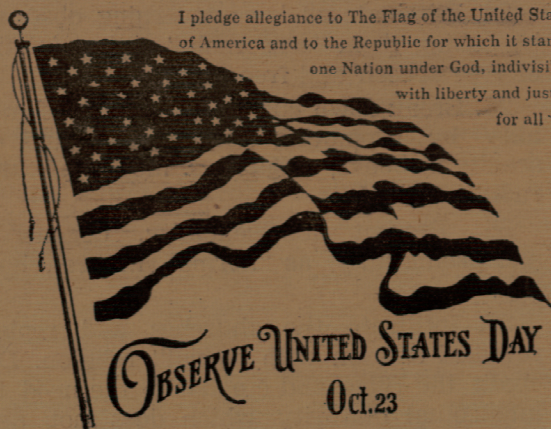

Walter Reuther ("carry on the fight for a Soviet America"), Dave Dubinsky (Jew), Alex Rose (Jew), Arthur Goldberg (Jew) — are these Marxist labor leaders contemporary Sidney Hillmans?

"IF MEN REALLY WANT PERMANENT ECONOMIC EQUALITY THEY CAN FIND IT ONLY IN COMMUNISM"

—from an address by former U. S. Supreme Court Justice Charles E. Whittaker before the Texas State Bar Association, July 3, 1964—exactly one day after the 'civil rights' bill became the law of the land!

Calling All Patriots

FACTS: Everything done in the last fifty years which has operated against the interests of the United States and its People, socially, economically and politically can be traced to usurpation of the Constitution by the agencies of Federal Government.

The power to resist these usurpations and restore Constitutional government has lain, un-used, in the hands of the government of the Sovereign States which gave these Federal Agencies limited powers in that contract. The Constitution not only specifies the powers granted to their servants (the Federal Agencies of Government), but specifies under the 9th and 10th Amendments that all other powers are retained by the States and the People.

These facts are conclusive proof that the governments of the several States are guilty of neglect of duty in permitting the unlawful acts of Federal Agents to become law in their sovereign jurisdictions by acquiescence. However, these powers still exist, and can be activated within any State whose government acts in accordance with the constitutional oath of office.

SIGNIFICANCE: These usurpations, which include the Federal Reserve Act; the treaty joining the USA to the UNO; the invasion of the sovereign States of Arkansas, Mississippi and Alabama by the Federal Executive; illegitimate wars in the Far East and Africa without Congressional declaration; Foreign Aid, which goes to our enemies; the "Civil Rights" Act and a long list of others show a definite pattern of intention, by a few powerful men, to seize the reins of government in order to replace Constitutional Law with naked tyranny making King George III look benevolent by comparison. The freedom won for us by the blood and sacrifice of the forefathers and defended by millions of Americans since their time may be lost forever.

ACTION INDICATED: 1. Petition your Governor and State legislators to take the necessary action to clarify what is and what is not the law within your State, after examining the usurpation herein alleged, sending copy of this ALERT with your petition.

2. The necessary action consists in declaring by an Act of Law that the usurpation herein mentioned are null and void and not the law within the State's jurisdiction, being in violation of the Constitution, which gives no Federal Agency the right to transfer to private international banks the Congressional right and duty of control of our currency; nor to surrender our sovereignty to a group of foreign nations; nor to tax the American people for the benefit of foreign governments.

3. Get as many signatures to these petitions as you can, get other patriots to do likewise.

4. Pray to God for the salvation of our beloved country from those who seek to enslave us.
